

# iMEC-8 Vet

## Safety & Efficiency for Veterinary Monitoring

- 8.4" high-resolution LED display with up to 8 waveforms
- Compact portable design
- Trust for veterinary use, parameters including 3 or 5 lead ECG, IBP, SpO<sub>2</sub>, NIBP, respiration, temperature, integrated recorder
- Additional parameter options include:
  - Sidestream CO<sub>2</sub>
  - Mainstream CO<sub>2</sub>
- Up to 4 hours continuous monitoring with large capacity Li-ion battery
- 360-degree visible alarm indicator
- 120 hours of trend data and up to 48 hours of full disclosure

Built-in handle for ease-of-use during transport

Li-ion battery allows for up to 4 hours of continuous monitoring

Rotary knob and hard keys for convenient operation

Integrated 3-trace thermal recorder provides waveform and data reports at point-of-care
